

PLASTISEAL

Plastipack manufactures and supplies induction seals in all sizes with printing or embossing. We import all our materials from European origin companies and stock them in sufficient quantities to guarantee a consistent quality and supply.

We stock the following laminates.

- Plasti-seal Poly-Power** — PE & HDPE Containers
- Plasti-seal Thumbs-Up** — PE & HDPE Containers
- Plasti-seal Ultra-Pet** — PET Containers
- Plasti-seal Surlyn** — Glass Containers
- Plasti-seal PP** — Polypropylene Containers

- A: Pulpboard of Virgin material from Finland
- B: Food grade sealing wax of European origin
- C: Aluminium foil from Alcan group
- D: Laminate suitable to sealing surface

Advantages of Induction Seal

- Increases product's integrity
- Consumer friendly
- Raises customer's confidence
- Enhanced security
- Enhances shelf life
- Child resistant
- Temper evident
- Transform's packaging strategy into a brand advantage
